Forest Ecology and Management, 55 (1992) 355–356
Elsevier Science Publishers B.V., Amsterdam

Contents of *Forest Ecology and Management*, Volume 55

VOL. 55 NOS. 1–4 **DECEMBER 1992**

The biomass production of three poplar clones in relation to intercepted solar radiation
R. Milne, J.D. Deans, M.G.R. Cannell (Penicuik, UK), M. Sattin and P.G. Jarvis (Edinburgh, UK) 1
Temperate forest as a carbon-storage reservoir for carbon dioxide emitted by coal-fired generating stations. A case study for New Brunswick, Canada
B. Freedman (Halifax, N.S., Canada), F. Meth and C. Hickman (Fredericton, N.B., Canada) 15
Comparison of linear and non-linear overstory–understory models for ponderosa pine: a conceptual framework
G.R. McPherson (Tucson, AZ, USA) 31
Regeneration and development in beech–dwarf bamboo forest in Japan
R. Peters (Wageningen, Netherlands), T. Nakashizuka (Ibaraki, Japan) and T. Ohkubo (Tochigi, Japan) 35
A comparison of the ecology of pedunculate and sessile oaks: radial growth in the centre and northwest of France
G. Lévy, M. Becker (Champenoux, France) and D. Duhamel (Saint-Saulve, France) 51
Predicting the impact of interspecific competition in young loblolly pine plantations with diameter distribution models
S.A. Knowe (Corvallis, OR, USA) 65
Leopoldinia piassaba Wallace (Arecaceae): a few biological and economic data from the Rio Negro region (Brazil)
J.-P. Lescure, L. Emperaire and C. Franciscon (Manaus, Brazil) 83
Variation in shade tolerance of Douglas fir, western hemlock, and western red cedar in coastal British Columbia
R.E. Carter and K. Klinka (Vancouver, B.C., Canada) 87
Results of provenance and family within provenance trials of *Pinus tecunumanii* in Colombia, South America
J.A. Wright and L.F. Osorio (Cali, Colombia) 107
Earthworm communities of limed coniferous soils: field observations and implications for forest management
C.H. Robinson, P. Ineson (Grange-over-Sands, UK), T.G. Piearce (Lancaster, UK), D.A. Dickson (Belfast, UK) and C. Nys (Champenoux, France) 117
Nutrient cycling in forested catchments in southeastern New South Wales. 1. Biomass accumulation
J. Turner, M.J. Lambert and G. Holmes (Beecroft, N.S.W., Australia) 135
Floristic changes in the herb-layer vegetation of a deciduous forest in the Lorraine Plain under the influence of atmospheric deposition
A. Thimonier, J.L. Dupouey and J. Timbal (Seichamps, France) 149
Logging impacts and prospects for sustainable forest management in an old Amazonian

frontier: the case of Paragominas
A. Verissimo, P. Barreto, M. Mattos, R. Tarifa (Belém, Brazil) and C. Uhl (University Park, PA, USA) 169
Aboveground biomass accumulation in coppicing woodland, northeast Brazil
W.H. Schacht (San Angelo, TX, USA), J.N. Long (Logan, UT, USA) and A. Gobena (Sunnyvale, CA, USA) 201
Genotypic variation in growth and nodulation by seedlings of *Acacia* species
J.S. Sun, R. Sands and R.J. Simpson (Parkville, Vic., Australia) 209
Using relative diameter to improve density measures in Allegheny hardwood stands
J.J. Hillebrand, S.E. Fairweather (University Park, PA, USA), R.L. Ernst and S.L. Stout (Warren, PA, USA) 225
Biomass and net production of teak plantations in a dry tropical region in India
S.B. Karmacharya and K.P. Singh (Varanasi, India) 233
Radial growth response of understory sugar maple (*Acer saccharum* Marsh.) surrounding openings
E.H. Tryon, E.C. Townsend (Morgantown, WV, USA) and M. Lanasa (Escanaba, MI, USA) 249
Forest floor and mineral soil development in *Casuarina equisetifolia* plantations on the coastal sand dunes of Senegal
D. Mailly and H.A. Margolis (Sainte-Foy, Que., Canada) 259
Growth, nutrient allocation and water relations of mesquite (*Prosopis chilensis*) seedlings at differing fertilization schedules
M. Imo and V.R. Timmer (Toronto, Ont., Canada) 279
A method to calculate the losses caused by western spruce budworm in uneven-aged Douglas fir forests of British Columbia
R.I. Alfaro (Victoria, B.C., Canada) and L.E. Maclauchlan (Kamloops, B.C., Canada) 295
Environmental and genetic influences on short-rotation biomass production of black locust (*Robinia pseudoacacia* L.) in the Georgia Piedmont
B.C. Bongarten, D.A. Huber and D.K. Apsley (Athens, GA, USA) 315

Short Communication
Microfungal biomass in some tropical forest soils of Orissa, India
S. Basu, D.P. Pati and N. Behera (Burla, Orissa, India) 333

Book Reviews
The transformed earth 341
Silviculture of British forestry trees 342
Assessing environmental impacts of harvesting 344
Fire in the tropical biota 345
